

Resimercial

Inspired by the ever-changing landscape of work, Resimercial blends residential décor with commercial interior functionality.

RESIMERCIAL

Introduction

“

The Resimercial collective is the perfect hybrid design for commercial interiors. A cross pollination of materials and aesthetics, with the comfort of home styling and the durability and functional demands of a working environment. An elegant and comforting design style that facilitates hi-performance and wellbeing of employees.

A collection of soft-seating, statement chairs and tables characterised by soft home interior inspired fabrics, warm colour pallets and natural materials, the Resimercial collective is an elegant and comforting design style which creates unparallel comfort and practicality with a stunning overall design aesthetic.

Informal meeting spaces encourage positive disruption of work, fostering a sense of community. Collaborative community spaces encourage exercise, facilitate collaboration and teamwork as well as provide constant opportunity for 're-charge' through change. Materials and colours are rich, decadent and tactile.
