Workstories curates beautiful, affordable and quality commercial furniture from a global community.
We love great design - but we love what it can facilitate more.
We create spaces that work, for wherever your story is taking you.

“

An eclectic range that blends the old and the new, east coast and west coast, ethical materials and handcrafted finishes, to create **spaces designed for conversations.**

”

Projects

OUR CLIENTS

—

The combination of our high quality product offering, price point, great warranty and client support has allowed us to win projects and work with a range of leading clients throughout the UK.

Skyscanner

Workstories have been working with the leading Edinburgh based tech brand for the last two years, completing their London and Barcelona offices. Work is currently underway to introduce the Albion Sit-Stand product across their estate.

WPP

After a thorough selection process, WPP selected Workstories as their manufacturer of choice for multiple locations all across Europe for a multi-million pounds project, for 4,500 people.

ITV

Relocating 2,500 people from South Bank to various locations across London.
